

16th January 2017

Dear Parent/Carer

Your child recently applied to be in Ely College's 'Sports Leadership Academy'. It is with great pleasure that I can confirm that they have been successful in their application.

In the Sports Leadership Academy your child will have the opportunity to plan, organise and deliver primary school sessions and festivals. They will be able to log their voluntary hours on the website below to get recognition for the time that they put in. They can log hours accrued during school and any additional hours they may gain outside of school in the community, for example helping to run an external sports club.

<https://lead2employability.com/admin/admin>

This is a great opportunity to develop their leadership skills as well as communication, organisation and confidence. It is also something they will be able to write about for their PLEDGES and on their college application.

As some of these leadership opportunities may take place within school time it is essential that your son/daughter informs their teachers so that they can catch up on any missed work.

Our first meeting will be on **Monday 23rd January at 3pm-4pm** to discuss sessions they may want to deliver, logging in to the website above and how to log hours.

If you are happy for your child to be part of the Leadership Academy please sign the slip below and return to Miss N Hull in the PE office by Thursday 19th January.

Yours faithfully

Miss N Hull
PE Teacher

To Miss Hull – PE Department

- I am happy for my child in Formto be part of the Sports Leadership Academy.
- I am happy for photos to be taken of my child.
