FURTHER INFORMATION

How will you be assessed?

Learners must complete the assessment requirements below for mandatory units:

Service Portfolio

Learners must produce a formative service portfolio that includes evidence of practical service carried out with proficiency. Whilst the pre-requisite portfolio does not contribute to the qualification grade, it serves as a valuable 'assessment for learning' tool to prepare learners for summative assessments.

Graded Practical Assessment

Learners must carry out a complete service on a client. The service will be observed, marked and graded at either Fail, Pass, Merit, or Distinction by centre assessors. Graded practical assessment must take place in a real or realistic working environment. These account for 50% of the overall qualification grade.

External Examinations

External examinations will test knowledge and understanding from across the whole vocational area of the mandatory units. They are set and marked by VTCT and will contribute to the overall qualification grade. This accounts for 30% of the overall qualification grade.

Graded Synoptic Assessment

Learners will be required to undertake a graded synoptic assessment during which they will carry out a range of services from across all the mandatory units. Assessment coverage may vary each year and all services will be covered over time. VTCT will set the brief and grading descriptors, although the assessment will be marked and graded by centre staff and externally quality assured by VTCT. The graded synoptic assessment will contribute to the overall grade of the qualification. This accounts for 20% of the overall qualification grade.

The external examinations and the graded synoptic assessment should be carried out in the final third of the learner's completion period of learning. Each mandatory unit will attract an overall grade of either Pass, Merit or Distinction.
