

13<sup>th</sup> September

Dear Parent/Carer

## GCSE Design and Technology

We would like to offer you the opportunity to purchase discounted GCSE Revision guide for your child's studies in Design and Technology.

I have been contacted by the Publishers of 'AQA GCSE Revision, Design and Technology' – Collins Publishing – who are willing to sell copies to us priced at £3.99 each. The revision guide is an 'All-in-one' version which includes revision and practice questions.

- AQA GCSE Design and Technology – All-in-one Revision and Practice (ISBN978-0-00-822740-1)

I highly recommend this book as it contains all of the necessary knowledge that your child will need to know in preparation for their exam, and will also assist with the completion of their coursework. The book will also be used in class. The exam questions in the book will help students to prepare for their exams in the summer for the final GCSE year, and is particularly useful for independent revision outside school.

The revision guide also provides access to the ebook which can be accessed once the Revision has been brought. The site contains the information which can be found in the Revision guide along with exam questions and tasks to try out.

If you are interested in purchasing the book through the college, we would prefer you to make your payment online and return the slip below to the Finance office by Friday 5<sup>th</sup> October 2018. If this is not possible, please make your cheque payable to "Ely College". If your child is eligible for pupil premium grant support, then they will automatically be provided with these resources.

Yours faithfully

Miss V Collin  
Head of Technology
