Dear Parent/Carer

## GCSE Engineering

I'd like to offer the following information and reminders to support pupils of Engineering.

Coursework deadline reminder: All coursework to be completed and submitted by Monday 16<sup>th</sup> March 2020.

Mock exam: Wednesday 1<sup>st</sup> April 2020.

Revision: Revision work will start in earnest from the week beginning 16<sup>th</sup> March. Resources are available on Quizlet. Some of these are provided by Mr Fisher to his class, which pupils have the login details for. There are also a wide range of further resources on Quizlet published by other teachers which can be found by searching for AQA GCSE Engineering.

In class, pupils will be working through a series of worksheets which can be accessed at home via the remote desktop tab on the school website homepage. Once logged in, the resources can be found in the file address below. Pupils can complete these at home or in class and the answers will be provided allowing pupils to self-assess their work. Supporting information, quizzes and video clips for each topic will be given in class.
