Dear Parent/Carer

GCSE Design and Technology

We would like to offer you the opportunity to purchase a discounted GCSE revision guide for your child's studies in Design and Technology.

I have been contacted by the Publishers of 'AQA GCSE Revision, Design and Technology' – Collins Publishing – who are willing to sell copies to us priced at £4.99. The revision guide is an 'All-in-one' version which includes revision, practice questions access to videos and online quizzes.

- AQA GCSE Design and Technology – All-in-one Revision and Practice ISBN: 978-0-00-853501-8

I highly recommend this book as it contains all the necessary knowledge that your child will need to know in preparation for their exam and will also assist with the completion of their coursework. The book will also be used in class. The exam questions in the book will help students to prepare for their exams in the summer for the final GCSE year, and is particularly useful for independent revision outside school.

The revision guide also provides access to the e-book which can be accessed once the Revision guide has been bought. The website contains the information which can be found in the Revision guide along with exam questions and tasks to try out: <https://collins.co.uk/collections/collins-gcse-9-1-design-and-technology-revision-and-practice/products/9780008535018>

If you are interested in purchasing the book through the college, please make your payment online via WisePay. PP students will automatically be provided with a copy of the revision guide. If you have any questions, then please let me know: vcollin@elycolleg.co.uk

Yours faithfully

Miss V Collin
